

POWDER & MASS MIXER

- Designed for efficient and homogenous mixing of dry and wet powders.
- Newly designed stuffing box prevents contamination.
- Sliding type covers with protective grill and safety devices are provided.
- Through tilts forward for discharge of materials either manually or by motorised arrangement. (Bottom Discharge on request)
- Mounted on strong structural frame for sturdy operation.
- Limit switch is provided to stop running blades as soon as the cover is lifted.
- Full Stainless Steel Construction to comply with cGMP norms.
- Loading / unloading platform can be fabricated as per client's requirements.

Made in Two types of Agitators : Paddle type & Ribbon type.

- Paddle type suitable for wet, tough dough mixing, as well as dry powder mixing.
- Ribbon type suitable for dry freely flowing powders.

MACHINE MODEL	MM-50	MM-100	MM-200	MM-250	MM-350
Approx. Working Capacity	50 kg.	100 kg	200 kg	250 kg	350 kg
Over Flow Volume	125 liters	240 liters	480 liters	570 liters	750 liters
Drive Motor Power	2.2 kw	3.7 kw	5.5 kw	7.3kw	9.4 kw
Tilting Motor Power	—	0.37 kw	0.75 kw	0.75 kw	1.1 kw
